

# Community Paying it Forward

## 1. What is Community Paying it Forward?

CPF Board is involving the community to share CPF schemes and services to help fellow Singaporeans.

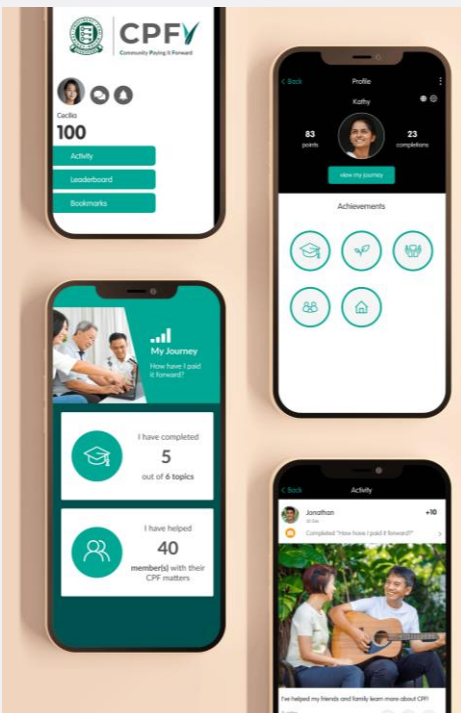

With “**Community Paying it Forward**”, doing good does not have to be time-consuming nor difficult. You can join the movement by extending your knowledge about CPF with people you know, so that they can improve their understanding of CPF and make informed decisions on the use of their CPF savings.

This initiative supports the Singapore Together movement.

## 2. How can I help others?

Be empowered to help fellow Singaporeans better understand CPF schemes, at your own time and ability. There is no upfront commitment required on your end, and if you need some help, you will receive CPF learning resources along the way.

The people you help can key your Referrer Name in CPF online applications they make, so that you can gauge the impact that you are making in this community. You can also invite a friend or family member to volunteer with us.

## 3. Where do I begin?

You can begin the journey by registering your interest and choosing a unique Referrer Name on the CPF Volunteering (CPFV) mobile app.

It is a one-stop platform designed to provide you with an enriching journey, with features such as:

- access CPF updates and bite-sized resources
- Pay it forward to create a ripple of kindness
- View personal achievements and impact of one's contributions via a gamified experience

Available in both [App Store](#) and [Google Play](#).

**Download the CPFV app and sign up to pay it forward!**
