

CHOOSE THE WARD TYPE THAT BEST MEETS YOUR BUDGET

How much you may pay in cash¹ for each hospitalisation

after Government Subsidies, MediShield Life and MediSave

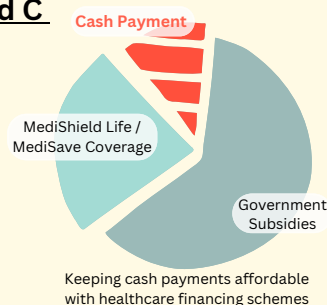

Common Conditions	<u>C Ward</u>	<u>B2 Ward</u>	<u>A Ward</u> ²	<u>Private Ward</u> ²
Heart Diseases due to Blocked Arteries	\$0	\$0	\$15,000	\$26,000
Pneumonia	\$0	\$0	\$4,000	\$14,000
Colon Cancer	\$0	\$0	n/a ³	\$42,000
Stroke	\$0	\$0	\$6,000	\$11,000

Cash payments are kept low at Class B2 and C

Singaporeans receive **subsidies of up to 80% at subsidised wards (Class B2 and C).**

MediShield Life and MediSave claim limits are generally **sized to be sufficient for subsidised care.**

What is claimable from MediShield Life⁴ and MediSave for my hospitalisation?

Benefits include:

- Ward charges (including treatment fees, investigations and medications)
- Surgical procedure charges
- Implants

Find out more about MediShield Life and MediSave benefits at **CPF's website**.

¹ Median cash amount based on 2023 transacted bills for Singaporeans. The cash amount is calculated based on claims that did not receive an Integrated Plan payout or third-party benefits, such as those from an employer.

² Bills for higher class wards (e.g. Private ward and A ward) will be pro-rated to the equivalent level of B2/C ward bill before MediShield Life payouts are computed.

³ 'n/a' denotes data with less than 10 cases. To ensure that there are adequate cases for meaningful comparison, bill amounts for setting with less than 10 cases will not be shown.

⁴ MediShield Life inpatient claims are subject to deductible and co-insurance.
