## FACTSHEET ON ENHANCEMENTS TO THE WORKFARE INCOME SUPPLEMENT SCHEME

The Government will enhance the Workfare Income Supplement (WIS) Scheme to supplement the incomes and CPF savings of lower-wage workers, as well as to encourage them to work regularly. WIS will continue to be targeted at workers at the bottom 20% by income, with some support for those slightly above.

These changes will apply for work done from 1 January 2020 onwards. In total, we expect the enhanced WIS to benefit close to 440,000 Singaporeans.

## Changes to WIS Scheme

a) Qualifying income cap raised from \$2,000/month to \$2,300/month<sup>1</sup>

The revision takes into account shifts in income levels.

b) Higher annual WIS payouts of up to \$4,000

Depending on their age and income, eligible employees can receive up to \$4,000 per year in WIS payouts, compared to \$3,600 today. Older workers will continue to receive higher payouts than younger workers. The payouts for self-employed persons will remain at two-thirds of the employee WIS payout, and will therefore be correspondingly increased. Details are in <u>Table 1</u> below.

from 1 January 2020					
Age Band	Maximum annual WIS	Maximum annual WIS			
	payout for employees	payout for self-employed			
		persons			
35-44	\$1,700	\$1,133			
45-54	\$2,500	\$1,667			
55-59	\$3,300	\$2,200			
60 & above	\$4,000	\$2,667
